

LISA 7. Suuremõisa pargi dendroloogia

| Liik/ inventeerimise aasta | 1888, 1901 Ahrens | 1935 Palm | 1955 Paivel | 1973? Zvirgzds | 1975 H. looduse kaitsest | 1978 Metsaprojekt, Vare | 1983 Elliku & Roht | 2013 Hellström |
|--|-------------------|-----------|--------------------------------------|------------------------------|--------------------------|-------------------------|--------------------------|----------------|
| Okaspuud | | | | | | | | |
| Abies alba Mill. - euroopa nulg | 1888; 1901 | | d<63, h<18; uuend. h 3,5 (max) | 18+8+6 tk; d70-90, h18-22 | sama mis Z 1973 | x | x | x |
| Abies balsamea (L.) Mill. - palsaminulg | 1888 | | d48; isekülvist tihedal alusmets | 6+3 tk, d 38, h 14 | x | | palju, dmax 36? h17m | x |
| Abies fraseri (Pursh) Poir. - Fraseri nulg | | | | | | | x ? | |
| Abies nordmanniana (Stev.) Spach - kaukaasia nulg | 1888; 1901 | | | | | | | |
| Abies sibirica Ledeb. - siberi nulg | 1888 | | | | | | | |
| Chamaecyparis pisifera (Sieb. et Zucc.) Sieb. et Zucc. ex Endl. - mägi-ebaküpress | | | | | | | h 1,7 m | x |
| *Juniperus communis L. - harilik kadakas | | | | | | x | | x |
| Juniperus sabina L. 'Tamariscifolia' - sabiina kadaka kultivar | | | | | | | x | |
| Larix decidua Mill. - euroopa lehis | 1901 | x | x | palju; d 30-40, h 20-22 | | x | | x |
| Larix kaempferi (Lamb.) Carr. - jaapani lehis (L. leptolepis) | 1901 | | | 12 tk, d 26, h16 | sama | x | | x |
| Larix russica (Endl.) Sabine ex Trautv. - vene lehis | | | x | 23 tk, d 36-44, h 16-19 | x | x | | x |
| Larix sibirica (Münchh.) - siberi lehis | 1888; 1901 | | | 4 tk, d 25-40, h16-20 | sama | x | x | x |
| *Picea abies (L.) Karst. - harilik kuusk | | | | | x | x | | x |
| Picea engelmannii Parry ex Engelm. - Engelmanni kuusk | | | | d 40, h 16 | sama | x | | |
| Picea alba Link. - valge kuusk | | | | | | x | | |
| Picea glauca (Moench) Voss - kanada kuusk | ? 1888 | | | | x | | 7 tk | |
| Picea glauca var. albertiana - kanada kuusk | | | | 5 tk d 34, h 20 | | | | |
| Picea glauca 'Conica' - kanada kuuse kultivar | | | | | | | h 0,9m | x |
| Picea omorika 'Pendula' - serbia kuusk | | | | | | | | x |
| Picea pungens Engelm. - torkav kuusk | | | x | 5 tk, d 24-34, h 16-19 | sama | | 7 tk | |
| Picea sitchensis Carr. - sitka kuusk | | | | 15 tk, d 50-60, h 18-22 | sama | x | x 15 tk | x |
| Pinus banksiana Lamb. - hall mänd | 1901 | | | | | | | |
| Pinus cembra L. - alpi seedermänd | 1888; 1901 | x | x | d 44, h 17 | x | x | x | x |
| Pinus mugo Turra - mägimänd | 1888 | | | | | | | |
| Pinus nigra Arnold - must mänd | 1888; 1901 | x | | | | | | |
| Pinus rigida Mill. - pigimänd | 1901 | | | | | | | |
| Pinus strobus L. - valge mänd | 1888; 1901 | x | x | 3+2 tk, d 46, h 16 | sama | x | d46, h 20, 4 tk ü 192 | x |
| *Pinus sylvestris L. - harilik mänd | | | | | x | x | | x |
| Pseudotsuga menziesii (Mirb.) Franco - harilik ebatsuuga | 1901 | | | | | | | |
| *Taxus baccata L. - harilik jugapuu | 1888 | x | | | | | x | |
| Taxus × media Rehder - värd-jugapuu | | | | | | | | x |
| Thuja occidentalis L. - harilik elupuu | | x | | x | | d 24, h 14 | d27, h 15 | |
| Thuja occidentalis L. 'Fastigiata' - harilikku elupuu kultivar | | | | | | x | | x |
| Thuja occidentalis L. 'Little Gem' - harilikku elupuu kultivar | | | | | | | x h 0,35 | |
| Lehtpuud ja põõsad | | | | | | | | |
| *Acer platanoides L. - harilik vaher | | | | | x | x | | x |
| Aesculus hippocastanum L. – harilik hobukastan | | x | x | x | x | x | | x |
| *Alnus glutinosa (L.) Gaertn. - sanglepp | | x | | | x | x | | x |
| Berberis thunbergii DC. - Thunbergi kukerpuu | | | | | | | | x |
| *Berberis vulgaris L. - harilik kukerpuu | | | | | | x | | |
| *Betula × aurata Borkh. - kuldkask (sookase ja arukase hübrid) | | | | | | | | x |
| *Betula pendula Roth - arukask | | | | | x | x | | x |
| *Betula pubescens Ehr. - sookask | | | | | x | x | | x |
| Caragana arborescens Lam. - suur läätspuu | | | | | | x | | |
| Chaenomeles japonica (Thunb.) Lindl. ex Spach - jaapani ebaküdoonia | | | | | | x | | |
| Cornus alba L. - siberi kontpuu | | | | | x | x | x | x |
| *Cornus sanguinea L. — verev kontpuu | | | | | | | | |
| *Corylus avellana L. - harilik sarapuu | | | | | x | x | | x |
| *Cotoneaster integrifolius Medik. - harilik tuhkpuu | | | | x | x | | | |
| *Euonymus europaea L. - harilik kikkapuu | | | | | | x | | x |

| Liik/ inventeeringmise aasta | 1888, 1901 Ahrens | 1935 Palm | 1955 Paivel | 1973? Zvirgzds | 1975 H. looduse kaitsest | 1978 Metsaprojekt, Vare | 1983 Elliku & Roht | 2013 Hellström |
|---|-------------------|-----------|-------------|----------------|--------------------------|-------------------------|--------------------|----------------|
| Fagus sylvatica L. - harilik pöök | 1901 | | | | | | | x |
| Fagus sylvatica L. f. purpurea (Ait.) Schneid. - harilikku pöögi vorm | 1901 | | | | | | | |
| *Fraxinus excelsior L. - harilik saar | | | | | x | x | | x |
| Juglans cinerea L. - hall pähklipuu | | | | | d 38, h 12 | | | x |
| Lonicera caprifolium L. - löhnnav kuuslapuu | | | | | x | x | | |
| *Lonicera xylosteum L. - harilik kuuslapuu | | | | | x | x | | x |
| Mahonia aquifolium (Pursh) Nutt. - läiklehine mahoonia | | | | | | x | | x |
| Malus domestica Borkh. - aed-öunapuu | 1888 | | | | x | x | | x |
| Parthenocissus quinquefolia (L.) Planch. emend. Rehd. - harilik metsviinapuu | | | | | | x | x | x |
| Parthenocissus quinquefolia (L.) Planch. emend. Rehd. 'Engelmanni' - harilik metsviinapuu vorm | | | x | | x | | | |
| Philadelphus coronarius L. - harilik ebajasmäen | | | x | | x | x | x | x |
| Populus sp. - pappel | | | | | x | x | | x |
| Populus alba L. - höbehaab | | x | 3 tk | x | x | x | x | x |
| Populus nigra L. - must pappel | | x | | | | x | x | x |
| Populus simonii Carr. 'Fastigiata' - hiina papli kultivar | | | | x | | x | x | x |
| *Populus tremula L. - harilik haab | | | | | x | x | | x |
| Prunus avium (L.) L. - magus kirsipuu | 1888 | | | | | | | |
| Prunus cerasus L. - hapu kirsipuu | 1888 | | | | | | | |
| Prunus domestica L. - harilik ploomipuu | 1888 | | | | | x | | |
| Prunus domestica L. ssp. Insititia (L.) Schneid - harilik kreegipuu | 1888 | | | | | | | |
| *Prunus padus L. - harilik toomingas | | | | | x | x | | x |
| Pyrus communis L. - harilik pirnipuu | 1888 | | | | x | x | | x |
| *Quercus robur L. - harilik tamm | | | | | x | x | | x |
| Quercus rubra L. - punane tamm | | | d38, h 15,5 | d46, h 18 | x | d56, h 24 | | x |
| *Rhamnus catharticus L. - harilik türnpuu | | | | | | x | | x |
| *Rhamnus frangula L. - harilik paakspuu | | | | | | x | | x |
| *Ribes alpinum L. - mage sõstar | | | | x | x | x | | x |
| Ribes nigrum L. - must sõstar | | | | | | x | | x |
| Ribes rubrum L. - punane sõstar | | | | | | x | | x |
| Ribes uva-crispa L. - aed-karusmari | | | | | | x | | |
| Rosa spp - kibuvitsad ja kultuurroosid | | | | | | x | | x |
| Rosa glauca Pourr. - punalehine kibuvits | | | | | | | | x |
| *Rosa majalis J. Herrm. emend. Mansf. - mets-kibuvits | | | | | | | | x |
| Rosa rugosa Thunb. - kurdlehine kibuvits | | | | | | x | | |
| *Rubus caesius L. - põldmurakas | | | | | | | | x |
| *Rubus idaeus L. - harilik vaarikas | | | | | | | | x |
| Salix ssp. - pajud | | | | | x | x | | x |
| *Salix acutifolia Willd. - halapaju | | | | | | x | | |
| *Salix alba L. - höberemmelgas | | | | | | | | |
| *Salix caprea L. - raagremmelgas | | | | | | x | | x |
| *Salix phylicifolia L. - kahevärviline paju | | | | | | x | | |
| Sambucus nigra L. - must leeder | | x | | | | x | x | x |
| Sambucus racemosa L. - punane leeder | | | | | | x | | |
| *Sorbus aucuparia L. - harilik pihlakas | | | | | x | x | | x |
| *Sorbus intermedia (Ehrh.) Pers. - pooppuu | x | | | | | | | x |
| Spiraea chamaedryfolia L. emend. Jacq. - taraenelas | | x | | | | x | x | x |
| Spiraea sp. - enelas | | | | | x | | | |
| Syringa josikaea Jacq.f. ex Rchb. - ungari sirel | | | | | | | x | x |
| Syringa vulgaris L. - harilik sirel | | x | | x | | x | | x |
| *Tilia cordata Mill. - harilik pärn | | | | | x | x | | x |
| Tilia platyphyllos Scop. - suurelehine pärn | | | | d 30, h 12 | x | x | | |
| Tilia x vulgaris Hayne - lääne pärn | | | | | | | | x |
| *Ulmus glabra Huds. emend. Moss - harilik jalakas | ? | | | | x | x | | x |
| *Ulmus laevis Pall. - künnapuu | ? | | | | | | | x? |
| Viburnum lantana L. - villane lodjapuu | | | | | | | x | x |
| *Viburnum opulus L. - harilik lodjapuu | | | | | | x | | x |
